

Online Completion Program* RN-to-BSN

Take the next step in your career

As a registered nurse you can stay ahead in the health care field by enrolling in Goodwin University's RN-to-BSN degree completion program. With the increased demand for BSN graduates continuing to grow, now is the time for you to increase your experience and advance in your career.

This flexible program is designed for busy working RNs

We've designed our RN-to-BSN program around your busy lifestyle. The RN-to-BSN curriculum can be completed part-time in 12 months or uniquely designed to meet your specific needs. Graduates are prepared to practice in a variety of areas with knowledge and skills that are transferable to multiple settings.

With our fixed tuition model, you'll know the total cost of completing your BSN degree before you even start classes. Don't forget, there are many kinds of financial aid available to students, including grants and scholarships that don't have to be paid back, student loans that will have to be repaid, and work-study opportunities that provide a regular paycheck.

Improve the quality of care you provide

Our RN-to-BSN program will build on your existing skills as an RN and give you the tools you need to stay competitive among your peers and improve the quality of your care.

Online Completion Program* RN-to-BSN

Goodwin University is a nonprofit institution of higher education and is accredited by the New England Commission of Higher Education (NECHE).

Only students that have passed the National Council Licensure Exam (NCLEX) and are licensed as an RN, may continue to complete their bachelor's degree in Nursing. Coursework depends on individuals' previous academic experience and transfer credits. The Nursing Department's Academic Advisor will assist in outlining a student's completion program.

The RN-to-BSN program is accredited by CCNE 2021-2031. Commission on Collegiate Nursing (CCNE) 655 K Street, NW, Suite 750, Washington, DC 20001. Goodwin University is a member of SARA and therefore can offer our RN-to-BSN program to residents of other SARA states.
